

## Misleading Statements

Never Bring Business.

The public are wise, and read between the lines. This is one reason why our sales are so much larger than our competitors'.

We never advertise any goods that are not upon our ware-room floor, and we never make any assertion that we are not prepared to prove.

When we say that the Cable line of pianos is the best line of pianos extant, we do not mean that every piano composing the Cable line is the highest possible grade, but that every piano is the highest standard of manufacture of its particular class. As we sell the highest-priced pianos in the world, as well as others of more reasonable grade, it can easily be seen that we offer the best pianos in the world in several classes, including the highest possible grade.

## SELECT NEW SITE FOR FREE BRIDGE

Joint Special Committees Agree  
Unanimously on Fifteenth  
Street.

The Joint Committee named from the Street Committee of the cities of Richmond and Manchester have unanimously agreed upon a site for the proposed free bridge, other than the old Mayo bridge site which was heretofore tacitly agreed upon.

The new site includes Fifteenth Street on the Richmond side, and into Hull Street in Manchester.

The committee were accompanied by the City Attorneys and City Engineers of both cities, and they were agreeable to the new project.

The site is considered far preferable to those thought of, and those in a position to be well posted think it will be adopted, and the bridge built in a reasonably short while.

There will be a net saving of about \$150,000 over the Mayo bridge proposition. The cost of the bridge and site at this point was estimated at \$350,000, while at the one just chosen, it was estimated at only \$200,000. It is contended, too, that the bridge will be a better one, and as the approaches can be made wider, and much more convenient.

If the two cities could adopt this site through their councils finally, and build the bridge, as now seems likely, it will mean the paralleling of Mayo's bridge.

Among the reasons actuating the committee in choosing the Fifteenth Street site, was that the price asked for the old bridge and site was considered too high.

### THE CHAIR OF LATIN.

Prof. Whiting Leaves Hampden-Sidney.

(Special to The Times-Dispatch.)  
HAMPDEN-SIDNEY COLLEGE, July 8.—Professor and Mrs. W. H. Whiting, took leave of the college Friday, their last day for the year. They returned to their old home in Clarke county. Professor Whiting has filled the chair of Latin in the college for the past three years most successfully and acceptably, and during the past session was acting president of the college. Notwithstanding the fact that he took on such a heavy critical time, he went to work with an undaunted spirit and brought the college through what was a very trying and difficult session without any consideration of the obstacles in the way.

Professor Whiting is displaying an admirable tact throughout in dealing with the problems that confronted him and solved them in a manner much to the credit of himself and to the credit of the college. He had the entire confidence of the faculty and students and both he and Mrs. Whiting were such an addition to the community that their departure is an occasion of sorrow to all with whom they were in contact. Professor Whiting resigned as long ago as last March, but the fact was not generally known until the commencement just ended. The faculty, board of trustees, alumni, and students urged that he reconsider his determination, but he felt that duty called him back to his old home, and he was to the interests of the college. The heartfelt best wishes of the college and the community follow him and Mrs. Whiting to their future home.

Professor Whiting's successor in the chair of Latin is Dr. A. J. Morrison, of New York. Dr. Morrison has been with his youth at Hampden-Sidney, being a grandson of Dr. John M. P. Atkinson, for so long a time, president of the college. Dr. Morrison is also an alumnus of the college, being an honor graduate in the class of 1885. He is also an alumnus of the University of Virginia, and a Ph.D. graduate of the Johns Hopkins University. Besides this he has pursued his studies in France and England. He has spent several years in teaching, filling important positions in two of the leading universities of the South. He comes to us just now from Messrs. Henry Holt & Co., the well-known New York publishers, having held an important position on their editorial staff. With Dr. Morrison comes his mother, and their coming is looked forward to with much pleasure by their many friends here.

### KING WILLIAM NOTES

(Special to The Times-Dispatch.)  
PTNA MILLS, VA., July 8.—Miss Etta Hutchinson, who has been visiting relations and friends for the last six months, since the death of her brother, has returned to her home in Manchester, Va. Mrs. Henry C. Nelson, of Manchester, Va., has returned after a pleasant visit at "Air Well."

## NEWS OF... THE SUBURBS
